Rainforest Lodges

Kapawi (3, 4 or 7 nights)

Located on the shore of Kapawi Lake, this wonderful lodge accommodates up to 50 visitors in structures built in accordance with the Achuar concept of architecture. This fascinating area is home to the Achuar, the last indigenous group in the Ecuadorian rainforest to remain isolated until the 1970s. Kapawi is the largest community-based project ever developed in Ecuador. It was developed to provide a high standard of service in one of the remotest and most pristine areas of south east Ecuador. At the moment up to 70% percent of all the employees that work at the lodge are Achuar. Canodros also buys products and services for the lodge from the nearby communities. Tourists give a contribution of US \$10 dollars as an entrance fee which provides an income to the local community.

Accessible only by small aircraft, Kapawi offers programs suitable for all nature enthusiasts. This is an excellent and adventurous program combining the nature of the rainforest with the culture of the Achuar community. Kapawi is the place of magic, full of legends, myths, and wildlife.

Napo River Wildlife EcoLodge

The Napo Wildlife Center is located on 82 sq. miles of pristine Amazon Rain Forest within the Yasuni National Park. Situated on Anangucocha Lake, this is the newest lodge in Ecuador's amazon region. Each of the 10 large cabanas have forest or lake views, king size or twin size beds, private washrooms with hot water, a ceiling fan, and 24 hour electricity. The buildings combine traditional architecture with a harmonious modern mixture. Cabanas have cool shaded terraces with inviting hammocks and ample space to relax and observe the surroundings. At the lodge you may be able to see a group of giant otters investigating near the lodge dock, perhaps even a large 13 ft. black caiman crossing the lake, or the graceful flights of blue and yellow macaws over the lodge area. Visitors and guides will tailor their excursions to take advantage of the highest peaks of activity and weather conditions in the forest. They will schedule their outings before dawn or at sunrise. Other features at the Napo Wildlife Center include a 60 ft. observation tower that offers a great view of Anangu Lake. A 35 minute motorboat ride away is a 125-foot high Canopy Tower.

Sacha Lodge (3 or 4 nights)

Located in the heart of the Amazon Basin and surrounded by ancient black-water lagoons, winding creeks and towering trees. Sacha Lodge is a haven for nature lovers, birdwatchers and adventure seekers. The lodge provides comfortable accommodations, first-class meals and expert guides. One of Sacha's highlights is the 135-ft observation tower, where guests will have a magnificent view of the surrounding area. Other highlights include: the butterfly house, one of the largest butterfly farms in Ecuador, and the Yasum Parrot Lick, an exposed clay bank where brightly coloured parrots of several species gather in the morning. The guests at Sacha Lodge are divided into small groups. Each group is led by a native and an English speaking naturalist guide. A typical day at Sacha begins at sunrise or earlier when the rainforest's animals are most active. In the afternoon, excursions begin between 3:00 PM and 4:00 PM and often continue into the evening when the nocturnal insect and frog chorus begins. At night, forest walks and canoe trips often reveal creatures not visible during the day. All activities are spread out over a wide area and allow visitors to explore several distinct, but equally fascinating habitats. Sacha Lodge caters to people of all interests.

The three 20-passenger motor-yachts, the M/Y ERIC, FLAMINGO I, and LETTY were among our most popular cruises in 2006. At 83 feet in length, the yachts offer spacious accommodations for small groups. Twenty passengers with two guides per yacht ensure that each guest enjoys a personalized voyage.

The interior is designed in polished teak wood and feature fully air conditioned cabins, public spaces, dining room, well-stocked bar, conference area with television, VCR, stereo cassette/ CD equipment, and book and video library. Picture windows surround the upper two decks and offer spectacular panoramic views of the sea and landscape. Enjoy ocean breezes on sun deck lounge chairs and at observation points. Snorkelling equipment, wet suits, sea kayaks, and beach towels are provided at no additional charge.

Cabins:

4 Dolphin Deck Cabins - double or twin beds (windows)

2 Booby Deck Cabins - double beds (windows)

4 Iguana Deck Cabins - twin beds (portholes)

Each cabin has a private bathroom with a hot-and-cold-water shower, climate controls, intercom system, hair dryer, and toiletries.

Finch Bay Eco-Hotel

The charming Finch Bay - named after the famous Darwin's Finches abundant in the surroundings - is just steps from the beach on a private seaside location, surrounded by mangroves. Here guests can cherish the privacy, natural surroundings and superb service offered by the Finch Bay.

Located on Santa Cruz Island at Punta Estrada, across the bay from the town of Puerto Ayora, it is situated in a quiet location, with only pedestrian and bicycle circulation - there are no cars in the neighbourhood. Finch Bay is easily accessible. After a two-hour flight from Ecuador's mainland, guests arrive to the airport of Baltra in the Galapagos and then take overland transportation to Puerto Ayora and the Finch Bay.

Finch Bay accommodates 42 guests in 21 twin-bedded rooms, each with private facilities, air conditioning and unlimited water supply, as the hotel has its own desalination plant. This ecologically oriented hotel also boasts innovative garbage processing and recycling programs. The entire infrastructure as well as the activities are oriented to helping maintain a pristine natural environment.

Delicious healthy international and Galapagos inspired menus are prepared daily by the chef, using the freshest ingredients.

Guests taking Package Tours can enjoy the following, free of charge: kayaking, snorkelling, non-guided bicycle rides in town. Other options may be purchased at Finch Bay Eco Hotel, such as introductory diving course, dive trips to top Galapagos sites, horseback riding, guided bicycle tours, guided kayak tours and guided beach outings.
